SUMMARY

AI undergraduate at SVNIT specializing in full-stack web engineering with MERN. Built and deployed multiple production applications, including GWOC-winning MindSettler featuring transactional wallet architecture and automated email pipelines. Experience delivering scalable systems serving concurrent users and real-world transactions.

EDUCATION

Sardar Vallabhbhai National Institute of Technology (SVNIT) **Surat, India**
Bachelor of Technology in Artificial Intelligence; **CGPA: 7.3** **2024 – 2028**

- **JEE Main 2024:** Scored in the **98.99 Percentile** among 1.4 million candidates.
- **Relevant Coursework:** Machine Learning, Data Structures & Algorithms, Python for AI, DBMS, Web Technologies.

TECHNICAL SKILLS

Languages	C, C++, Python, JavaScript (ES6+), HTML5, CSS3
Frameworks	React.js, Node.js, Express.js, Tailwind CSS, Bootstrap
Databases	MongoDB, Firebase Firestore, SQLite, MySQL
AI/Tools	Scikit-learn, Git, GitHub, Postman, REST APIs, Vercel, Firebase Admin

EXPERIENCE

Full Stack Web Developer **2025 – Present**

- Optimized frontend performance via code-splitting and efficient asset loading, achieving strong Core Web Vitals and fast client navigation.
- Added interactive features including client-side search, post previews, and multi-page navigation using React Router.
- Implemented reusable component systems and clean folder structure, improving maintainability and enabling rapid feature iteration.

PROJECTS

MindSettler Mental Health Platform — *MERN Stack, NodeMailer, Vercel* **Dec 2025 – Jan 2026**
mindsettler-taupe.vercel.app

- **Winner, Google Winter of Code:** Recognized for technical innovation and open-source contribution.
- Built a mental health platform with UPI wallet top-ups (QR code generation + admin approval via atomic MongoDB sessions), wallet-debit session booking with balance checks and auto-refunds, and automated email notifications via Nodemailer.

Transportation Web App — *MERN Stack, Google Maps API* **August - 2025**

- Implementing frontend modules (authentication, route visualization, dashboard UI) in React with scalable component architecture.
- Integrating Google Maps API for route display and planned real-time location tracking of transport services.

ACHIEVEMENTS & AWARDS

- **Winner, Google Winter of Code (GWOC):** Top rank for 'MindSettler' — recognized for open-source excellence.
- **Finalist, Web Wonders Competition:** National-level web dev competition at NIT Surat.
- **JEE Main 2024: 98.99 Percentile** among 1.4 million candidates.
